

Centreville Public Schools District Annual Education Report (AER) Cover Letter

August 22, 2011

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2010-2011 educational progress for the district and our schools. The AER addresses the complex reporting information required by federal and some requirements of state laws. Please contact Rob Kuhlman, Superintendent, at 467-5220, if you have any questions regarding the information included in the report.

The AER is available for you to review electronically by visiting the following web site, www.cpschools.org, or you may review a copy in the principal's office at your child's school.

The report contains the following information:

Student Assessment Data – Michigan Educational Assessment Program (MEAP), Michigan Merit Exam (MME), and Michigan's Alternative Assessment Program (MI-Access)

- Presents achievement data for English language arts and mathematics for grades 3 to 8 (MEAP), for grade 11 (MME), and science for grades 5 and 8. Centreville results are compared to targets for all students as well as subgroups of students.
- Provides achievement data for English language arts, mathematics, and science for students with significant disabilities (MI-Access) compared to targets for all students with disabilities as well as subgroups of students
- Helps readers understand achievement progress within schools and compare these to district and state achievement

Adequate Yearly Progress (AYP) – Detail Data and Status

Provides information from assessments, graduation, and attendance rates, and AYP status in relation to four criteria:

- The district must test 95% of students in total and in each required subgroup
- The district must attain achievement goals in English language arts and mathematics or reduce the percentage of students in the non-proficient category of achievement significantly ("safe harbor") annually

- The district must attain achievement goals for each subgroup that has at least 30 students in the group
- The district must meet or exceed the other academic indicators set by the state: graduation rate for high schools and attendance rate for elementary and middle schools

Teacher Quality Data

- Identifies teacher qualifications at district and school levels
- Reports percentage of core academic classes taught by teachers not considered highly qualified to teach such classes

NAEP Data (National Assessment of Educational Progress)

- Provides state results of the national assessment in mathematics and reading every other year in grades 4 and 8
- Cannot be compared with MEAP results for grades 4 and 8 because there are no national standards.

For 2010-2011:

- The district and each of our schools made Adequate Yearly Progress (AYP) in English language arts and mathematics. All schools in the district also made AYP as well as met attendance and graduation rates. None of our schools were identified for school improvement, corrective action, or restructuring
- Centreville Elementary and Centreville Junior High received an "A" on the EdYes School Report Card.
- Centreville High School received a "B" on the EdYes School Report Card.
- 100% of Core Academic Subject Elementary and High School classes are taught by Highly Qualified Teachers.

We are proud of the accomplishments of our students during the 2010-2011 school year. Our goal is to increase student learning and student achievement during the coming school year. The support of our parents and community is critical to our continued success. We look forward to working together for our students.

Sincerely,

Rob Kuhlman
Superintendent of Schools.
