Important News for our Bulldog Families!

This letter is for the entire Bulldog family: students, parents, teachers, and staff.

Today, we received news that one of our students at Centreville Jr/Sr High School has been confirmed as positive for COVID-19. This requires the COVID-19 positive student to be isolated, and those within close contact, to be quarantined for 14 days under the guidance of the health department. As you may recall, close contact is defined as someone who has been within six feet for 15 minutes or more, to a person who has tested positive for COVID-19

We consulted with the local health department, interviewed staff, and have determined who has been in close contact with the student. The physical spaces have, and will continue to be, deeply cleaned.

We have thoroughly prepared for multiple scenarios and are ready to take the necessary steps for the safety and health concerns of our students, staff, and community, while meeting the recommendations of the Center for Disease Control and our local health department.

Please remember that the safety of our students and staff will always be our number one priority. We will continue to communicate with you and operate using all of our processes to mitigate the impact of COVID-19.

Please don't hesitate to reach out if you have any questions or concerns.

Sincerely,

Stephanie Lemmer

Superintendent
